# Pharmacy Intern Training at Monash Health:

- 13 Intern positions are available (11 Government plus 2 self-funded). All applications are made through the [SHPA Victorian Hospital Pharmacy Intern Program](#).
- We provide a structured intern training program with orientation to each pharmacy practice area and learning objectives and assessments for each rotation.
- Monash Health offers high quality workplace learning:
  - An emphasis on active learning
  - Intern pharmacists undertake the Monash University Intern Training Program.
  - Enrolment in the Monash University Intern Foundation Program is highly recommended and delivers a university higher qualification by the conclusion of the intern training year.
- The program
  - an emphasis on development of clinically orientated skills
  - rotations through each pharmacy practice area
  - participation in weekend and late shift rosters
  - weekly tutorials by expert pharmacists and visiting speakers covering a wide range of topics
  - ward/unit based clinical pharmacy services for 31 weeks of their 48 weeks training
  - experiential training in Quality Use of Medicines, Medicines Information, Dispensary, Compounding and Medication Review services.
  - undertake an individual research project
- Supports:
  - a holistic focus on internship training, academic study progress and wellbeing
  - each intern pharmacist is paired with a mentor pharmacist
  - regular individual check-ins with the intern coordinator

## From our Interns:

**“I am really grateful for the great support given to us during our intern year.”**

**“In particular I would like to highlight the General Medicine rotation. I found it was really well organized and extremely helpful in gaining knowledge and confidence in clinical pharmacy.”**

**“The support at Monash Health is incredible. I feel very lucky to have the opportunity to work with such an amazing team.”**

**“It is a privilege to be a part of this program... The staff have been welcoming and accommodating.”**

**“The opportunity to work with different pharmacy teams across the various Monash Health sites has been an invaluable experience!”**

**“Monash Health provides a balanced, nurturing yet challenging environment, therefore aids to improve on career skills and personal growth.”**
