## SUPPLY RESUMPTION

### MYSOLINE primidone 250mg tablet bottle AUST R: 11231    PBS: 1939C

Dear Valued Customer,

We are pleased to advise that the shortage of **MYSOLINE primidone 250mg tablet bottle** has been resolved and stock is now available in Australia. We thank you for your understanding and patience during this time.

This product is currently available directly from Link and from your wholesalers. Please find ordering information for **MYSOLINE® (Primidone) 250mg tab (x 200)** below. **MYSOLINE is listed on PBS: 1939C.**

Link Code	Product Description	Wholesaler PDEs				
		CH2	Symbion	CHS	API	Sigma
100309	MYSOLINE® (Primidone) 250mg tab (x 200)  GTIN: 9300643300095 (no change)	1090836	69442	MYST250	444936	10002414

APO-Primidone 250mg tablets (x100) – an alternative product previously supplied by Link – **can still be sold through by wholesalers and pharmacies** until the product expiry date. **PBS code 11883K for APO-Primidone is also still available.**

Please be informed that the excipients of the Australian and New Zealand products are not the same and the clinical impact of the differing formulations is unknown. Patients are advised to discuss this matter with their doctor as soon as possible and additional monitoring of patients during change-over is recommended.

For further information please contact Link Customer Service on **1800 181 060** or via email at [customerservice@linkhealthcare.com.au](mailto:customerservice@linkhealthcare.com.au).

For full prescribing information please refer to the approved Product Information available from the Link website: [www.linkhealthcare.com.au/#Products](http://www.linkhealthcare.com.au/#Products). Link Medical Information can be contacted by phone on **1800 181 060** or via email at [medinfo@linkhealthcare.com.au](mailto:medinfo@linkhealthcare.com.au).

We would appreciate if you could distribute this information to those in your organisation who have been affected by the shortage of primidone tablets.

Kind Regards,

Brian Gilmartin
