

PBS Authorities – Changes to juvenile idiopathic arthritis (age 18 years or older) program

We understand having access to PBS-subsidised medicines can be critical to patient care. That's why Services Australia and the Department of Health and Aged Care are continuing to work together to increase the number of PBS medicines that can be requested and approved using the Online PBS Authorities system (the system). This will include adalimumab, etanercept and tocilizumab for the treatment of juvenile idiopathic arthritis (age 18 years or older) from 1 February 2025.

These changes will make it easier for you to request authority approval for these medicines from Services Australia. You will no longer need to submit written authority applications, details of the proposed prescriptions and test results for certain medicines and treatment phases. Instead, you will be able to use the system to apply for authority approval and provide evidence digitally.

Summary of changes from 1 February 2025

Medicine	Authority Level	Details of Changes
adalimumab etanercept tocilizumab	<p>Online / Written:</p> <p><i>Initial, 1st continuing, subsequent continuing and change/recommencement treatments</i></p> 	<p>Authority applications can be made using the Online PBS Authorities system or in writing.</p> <p>When submitted online, the application may still require assessment by a Services Australia operator (process known as a Full (Delayed) Assessment).</p> <p>When assessed you will receive an outcome notification directly to your Health Professional Online Service (HPOS) mailbox.</p> <p>Important note: Where your patient is demonstrating a response to treatment, you may need to provide details of their baselines. Where your patient is changing medicines or recommencing treatment, you will need to provide details of their previous treatment failures.</p>

 Request authority online – Immediate Assessment	 Request authority online – Full (Delayed) Assessment	 Upload form via HPOS or post
-------------------------------------------------------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------	--------------------------------------------------------------------------------------------------------------------

If you're submitting the authority application form via post or Health Professional Online Service (HPOS) form upload facility, you'll still need to submit the authority application form and details of the proposed prescriptions.
