

Attention all QLD Foundation Residency Pharmacists,

The QLD Branch will be hosting their annual residency showcase on **18th of February 2025**. This event will be held online and face-to-face at the Royal Brisbane & Women's Hospital, Brisbane from 5:15PM to 8PM.

Pharmacists enrolled in Resident Training Programs are invited to present a **lightening talk** at the showcase.

This event aims to provide residents an opportunity to showcase their work to their fellow pharmacy community in a relaxed, stress-free environment. It is a great opportunity for resident pharmacists to work up and receive feedback on their presentations/projects that they may consider submitting for events such as Medicines Management or AdPha Resident of the Year Competition.

There are **\$300 of prizes** to be awarded on the night.

Eligibility

Foundation Resident pharmacists must:

- Be a foundation resident in Queensland
- Be enrolled in an AdPha Residency program (or recently completed)
- Not have presented at a previous residency showcase event

Requirements

Presentations should be a maximum of 3 minutes and a maximum of 6 slides (including title and references). Presentations should showcase a key achievement from your residency (case discussion, project, reflective piece, DUEs).

There will be no slide template provided but participants are encouraged to include the following:

| Title | |
|--------------------------|--|
| Background | Should briefly describe the background/rationale for the key achievement (eg. study, service, program, problem, need, case). |
| Aims/Objectives | Statement of aims and objectives. |
| Methods / Actions | Summary of the study design, methods, intervention, service, role. Actions |

| | |
|--------------------------------|---|
| | taken to identify/resolve problem or implement change/service/case. |
| Results / Evaluation | Include a summary of the main results or evaluation of project / case. |
| Conclusions / Learnings | Include a summary of the main conclusion and interpretation of the results which are supported by the data. Consider the implications of the project/research and usefulness to current and/or future practice. What did you learn? |
